Subject: deployment tour credit

Marcia,

The official answer is below. Looks like soldiers don't have to extend and as long as they meet the 9/11 month requirement, they will get credit for two tours (see below).

Deployment to Iraq from Germany does not interrupt a soldiers 36/24 month PCS tour in Germany. As long as that tour is completed, then soldiers get credit for the tour and award of a new DROS. During this time, if TDY/TCS to Iraq (no tour length has been established) for either 11 cumulative or 9 continuous months soldiers also get credit for an unaccompanied short tour.

Their tour in Germany is not adjusted because of TDY/TCS to Iraq. This scenario is covered by Rules 5 & 7, table 3-3, AR 614-30. This would result in two separate line entries in the personnel records IAW AR 600-8-104.
